- Design Boards - Color Palettes - Feasibility Studies
- Murals - Furniture - Painting - Signage
- Construction Specifications - Project Management

*Lean on TeamPAR.... We are ready to help.*

**Proven Case Studies:**  
Results PARflooring & PARsolutions Delivered to the Education Community

**The Lawrenceville School**

TeamPAR had the privilege of working with the prestigious Lawrenceville School to maximize an office utilized by a team of three professionals. The project presented itself with unique challenges...

**Kent Place**

PARflooring was asked to find a solution to an aging rubberized sports flooring in the field building of a prestigious private school, Kent Place, in Summit, NJ. TeamPAR chose to partner with Signature Sports Flooring and selected the creative solution Signaflor that is a poured polyurethane flooring. Signaflor offers...

**Drew University**

PARflooring was hired to renovate McClintock Hall Dormitories @ Drew University this summer and we utilized LokDots, a "cool" innovation that is green and solves sub floor issues in moisture ridden or aging buildings, along with Patcraft flooring materials. We encountered some moisture in lower level rooms and were able to proceed without fear...
