

Spring Ahead - Get Ready for the New School Year Today

What can I say about TeamPAR? When our school started doing renovations, we were new to the game. TeamPAR came in, gave us expert guidance and executed our project seamlessly, on budget and on time!

Home of the Badgers!
The Craig School, Mountain Lakes, NJ

PARsolutions was hired to design, rebrand and renovate the gymnasium for the deserving middle school students attending this independent school in Mountain Lakes, NJ.

TeamPAR remained on schedule and in budget from start to finish. This was not a miracle, but a testament that when strong professionals band together any goal can be achieved.

The scope of work included new windows and doors, cage storage and a mezzanine storage system built over a small storage room to remain. Existing wood floors were sanded and restored with new game lines, keys and center court logo painted to initiate the fresh branding initiative.

Check out more photos on the schools Facebook page and follow what they are up to!
