TeamPAR at the Winter Olympics!

TeamPAR has passion and spirit, but skill... not so much! Check out [our sledding team](#), consisting of Karen, Vinny, Jamie, Tina and Erin, and enjoy Wayne and Alexa's [figure skating debut](#). We think they have a shot at the podium!

NJ Law: Mother's Rooms are Required Statewide; Regardless of Company Type, Industry or Size

[Hot off the presses!](#) NJ has adopted into law that every NJ company, regardless of size, is required to accommodate female employees who choose to breastfeed. The space must be private and easily accessible and cannot be part of the women's bathroom. Lean on us... TeamPAR is proficient at designing and installing Wellness Rooms and Mother's Rooms. [Check out our blog post](#) to view photographs and learn more!

Project Spotlight

Client: Kent Place
Mission: Re-purpose space

The Art Gallery flooring needed to be filled and the area became repurposed. These pictures show how PARflooring "fingered" the hardwood flooring before we sanded and refinished the old and new flooring alike. Finesse work with flawless workmanship. Today, this multi-purpose room can house overflow needs and double as a classroom, dance studio, exercise room or even storage for the athletics and arts building. What was old and useless space now has a plethora of options!

TEAMPAR'S CRUSH OF THE WEEK

It is that time of year already --- when TeamPAR openly gushes on those industry friends that we like, respect, want to emulate or just make blush! TeamPAR is grateful that we are surrounded by clients and industry partners that are crush worthy. Without further ado, here are the first 4 out of 10 from the Class of 2018!

[Bill Olson](#) is TeamPAR's 1st of 10 Business Crushes of 2018! Bill remains calm under fire in his duties as the Facility Manager for Troy Corporation and leads with passion and honesty to add value and make a difference. He always greets his friends at PARflooring & PARsolutions with a smile and we are proud to be one of his "go to" vendors.

[Steve Tribuzio and Roland Juliano](#) are TeamPAR's 2nd of 10 Business Crushes of 2018! These gentlemen run Facilities at Centenary University. They know that university inside and out and are magicians with how they stretch dollars and prioritize renovations to historic and older buildings. They are passionate about their work and making a positive difference as they lead their contractors with respect and an air of teamwork. We are proud to be one of their long standing contractors helping to renovate Centenary University, one project at a time.

[George Cella](#) is TeamPAR's 3rd of 10 Business Crushes of 2018! TeamPAR has proudly specified, supplied and installed commercial interiors solutions and flooring for our client George going on a decade during his tenure with Mack-Cali and now at Boston Properties. TeamPAR values his knowledge, loyalty and mutual respect. Solid projects are built on solid relationships.

[James Pittman](#) is TeamPAR's 4th out of 10 Business Crushes of 2018! James is a Vice President at John O'Hara Company and does business the right way. He answers his phone, treats his sub-contractors with respect and pays his bills in a timely manner. TeamPAR & John O'Hara Company share many core ideologies while servicing our mutual client, Kent Place, but Value Engineering to ensure the client receives the best products, warranties, price and service for their needs is one that is front and center. James is calm and a smart critical thinker. We are happy to be part of his "go-to" team!

Karen's Corner: How Do You French Fry?

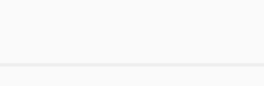

Hot fried potatoes, crispy on the outside and tender on the inside, are universal worldwide, but once you've cooked them (and named them), the method of eating them varies from place to place.

Personally, I believe French Fries are their own "food group." I enjoy dipping them into BBQ Sauce, but I must admit I am torn between Cheez Whiz from my college years and Brown Gravy from my childhood. North Jersey Diners & Cheesesteak Shops in Philly do it right, but in a pinch, McDonalds fries will do!

How do you French Fry? [Your friends at TeamPAR want to know!](#)
