Karen & Alexa Immerse Themselves at EdSpaces 2019

On October 22nd, TeamPAR's President & Director of Sales, traveled to EDmarket's annual **EDspaces**, the premier event for the educational facilities marketplace exploring how the convergence of technology, space, and pedagogy impact learning. They immersed themselves in learning environments where they had first-hand experience of modern approaches to learning through innovation in planning, design, and products.

PARflooring and PARsolutions were busy in Quarter 3 with a number of projects that included: A Pharmaceutical Company in Chestnut Ridge, NY; Ferring Pharmaceuticals; St. Peter's University Hospital, Birthing Suite; Blair Academy, Bogle Hall; Golda Och Academy, Beit Kneset; The Craig School; and Whitehouse Pediatrics.

Blair Academy, Bogle Hall in Blairstown, NJ

TeamPAR was grateful to be tasked with creating a biophilic design to honor the surroundings while keeping with the regal bones of the historic building at this private elite boarding school in NJ. We were innovative using Kinetex textile flooring, upgrading their lighting fixtures to LED and adding acoustical panels to help control sound bounce (during the 21 weekly meals they serve!) We painted and installed wall vinyl that has the appearance of leather and arranged and hung their historic pictures to tell a story worth reading. [View our portfolio.](#)
